MOTTO

विद्यया अमृतम् अश्नुते

VISION SONG

*Where the mind is without fear and the
head is held high;
Where knowledge is free;
Where the world has not been broken up
into fragments
by narrow domestic walls;
Where words come out from the depth of
truth,
Where tireless striving stretches its
arms
towards perfection;
Where the clear stream of reason has not
lost its
way into the dreary sand of dead
habit;
Where mind is led by Thee
into ever widening thought and action-
Into that heaven of freedom,
My father, let my country awake.*

- Rabindranath Tagore

DEDICATION

In fond memory of Late Bagadhar Brahma, a visionary and social worker, who donated sixteen bighas of cultivatable land and rupees one lakh in cash for the construction of the College Building; and the local peasantry who contributed enormously for the fulfilment of their long cherished dream of providing higher education to the youths of the region by establishing a College. The College, in its long march from inception to development, owes much to Bagadhar Brahma and the peasantry as well, hence the name:
BAGADHAR BRAHMA KISHAN COLLEGE, JALAH
a mark of respect to both.

Mission and Vision

Initially started with a single missionary zeal of providing scope for higher education to the economically weaker section of eligible youths of Bhebla tribal belt and block (Jalah), and the College has made periodic review of the institutional goals to slowly come to terms with the global need of higher education. The missions of the College and its visions for the future are reflected in the following aims and objectives such as :

- (a) To cater for the need of higher education to the eligible youths of this unserved region especially the economically and educationally weaker section of SC/ST and OBC communities.
- (b) To cater accessibility of rural women to higher education.
- (c) To work continuously to improve upon the quality of general education of this backward region through networking and promotion of intellectual exchange.
- (d) To bring about new concepts and experiments to make teaching-learning experience more satisfying.
- (e) To introduce innovative changes in the Internal Examination as well as the student monitoring mechanism.
- (f) To re-affirm the institution's responsiveness to community needs and re-attest its commitment to social accountability.
- (g) To orient the student community to serve the society by undertaking extension and awareness programme;
and to make such extension activities part of our greater educational experience to help, serve, reflect and learn.
- (h) To make special efforts towards student counselling by imparting training in games and sports, music and fine arts, computer and other career oriented programme.
- (i) To take a pro-active role in promulgating the spirit of democracy and harmony, peace and progress, mutual help and trust among various multi-ethnic, multi-lingual communities of this region.
- (j) To build up this institution into an advance centre for learning and research.

COLLEGE PROFILE

Bagadhar Brahma Kishan College, Jalah was established on the 16th day of August, 1978 with the relentless and untiring efforts of a band of social workers to push forward the intellectual energy of the people of greater Jalah area towards a blueprint for the future. Initially started with the financial and physical support of the 'people of the region' the co-educational college of higher education was subsequently taken over the govt. Of Assam under 'deficit-grant-in-aid' system in 1986. It has also been accorded permanent affiliation by Gauhati University and recognized by UGC under 2(f) section 12(B) of UGC act in 1990. Later, the college was affiliated to Bodoland University, Kokrajhar. The academic excellence and efforts of the college have already been assessed by the NAAC and is accredited grade 'B' in 2005 and grade 'C' in 2020. The college is located at Jalah under the Jalah development block in Chapaguri mouza of Baksa district, (BTR) Assam. It owns vast and sprawling campus amidst an enthralling and serene ambience. The meditative Himalayas in the northern horizon overlooks the college while Sankardev Sishu Vidya Niketan and a Srimanta Bhagabat Mandir in front of the college decorated the spiritual atmosphere of the college. The river Kaldia murmurs majestically encircling northern, southern and western sides. The back of the college, surrounded by lush green plantation, hostels, staff quarters, has a playground which caters to the need of the lovers of games and sports. The college, the only recognized institution of higher education in the northern most region of Baksa district (BTR), imparts teaching in four year undergraduate course (FYUGP) in Arts and Science stream and PG courses in Assamese and Philosophy under Bodoland University, Kokrajhar. Braving social unrest, paucity of funds, lack of basic infrastructure and academic freedom, and this institution has made out an identity of its own by sensitizing itself to new modes of teaching learning experience, continuous academic progress and greater community participation. At present the college has fifteen teaching departments at levels with a healthy 18:1 learner teacher ratio.

FROM PRINCIPAL'S DESK

Bagadhar Brahma Kishan College, Jalah, originally known as Kishan College was established on the 16th day of August, 1978 at Jalahghat of the then greater Kamrup district, now included in Baksa district of BTR, Assam. However, after a few years, the College was renamed with public consensus as **Bagadhar Brahma Kishan College** paying a deep obeisance to late Bagadhar Brahma, a dedicated farmer and a humble social worker. Established with the unconceited zest for imparting higher education to the eligible youths of the locality, B. B. Kishan College has gloriously marched forward almost forty-five years since inception and left behind an indelible legacy of its own. But changes and challenges are inescapable. In this highly competitive world, B. B. Kishan College stands as a beacon providing interminable access to information that can be transformed into comprehensive and indispensable knowledge. At the institution we relentlessly emphasize on instilling confidence and independence promoting critical thinking that helps the students act and react in real life situations. Not only is knowledge imparted but opportunities are provided whereby the students learn and test the applicability of the knowledge acquired. The needs of the contemporary society have propelled us to impart education that is both qualitative and quantitative. Our pivotal emphasis is on multidimensional personality development. This is achieved by providing contextualized study of curriculum which is given through diversified activities and competitions that make them expressive and adaptable. These activities focus on developing entrepreneurial skill, leadership quality, management skill, team spirit, communication and presentation skills, creativity and so on whereby students are well equipped and ever ready to take the plunge into the highly competitive world. The college provides academic and personal counseling to each student on regular basis. The vital essence is to provide personal direction and developmental guidance. Counselling helps teachers to bond and develop better rapport with the students that helps them to cope with the problems of growing up, keep up with their studies and planning their careers. The ongoing academic session has been an extraordinary challenge on account of covid. However, the pandemic gave us an opportunity to rethink and reassess the strategies for higher education. Times of crisis ought to inspire creativity, critical reflection, transformation, and renewal. In the new normal, the challenge is to adapt, regenerate, and position the college for a strong and sustainable future. Striving for a vibrant and dynamic academic atmosphere is a wholesome and holistic exercise.

This calls for the integration of students in the qualitative processes of the college. It necessitates an innovation ecosystem to hone the skills of students in diverse programmes to mould them to become notable change-makers of the society. The aim is to make learning an enriching, fulfilling, and enjoyable experience through a multidisciplinary approach, combining theory and practice in pedagogy. Bagadhar Brahma Kishan College is such an epitome of unity and fraternity where in students of diverse ethnic groups sit together in the pursuit of knowledge. We need to confirm and continue this spirit in years to come and all the stakeholders of the institution should reaffirm this holistic academic ambience to lead the mission towards progress and accomplishment. I convey my sincere gratitude to the teaching and non-teaching community as well as my beloved students for their uncompromised commitments towards achieving this goal. I also express my appreciation to the honorable Chairperson of the G.B. and the esteemed members for their guidance and relentless support for the cause of this Higher Educational Institution.
